PRINCIPAL INVESTIGATOR: Matt Vassar, Ph.D.

IRB # 2020061

TITLED: Data Sharing Practices and Reproducibility of Addiction Clinical Trials

On behalf of the OSU-CHS Institutional Review Board (IRB), an administrative review was done of your protocol entitled “Data Sharing Practices and Reproducibility of Addiction Clinical Trials” and determined it meets exempted criteria under federal guidelines, 45CFR 46.104; therefore, you are free to begin the study.

Please note that as Principal Investigator it is your responsibility to ensure this research project is conducted as approved by the Board. It is a condition of this approval that you follow all of the Investigator Obligations (HRP-800). Failure to follow these guidelines could result in automatic termination of your research project. Responsibilities include:

- Conduct the research study in a manner consistent with the requirements of the IRB and federal regulations 45 CFR 46.
- Request approval from the IRB prior to implementing any/all modifications as changes could affect the exempt status determination.
- Maintain accurate and complete study records for evaluation by the university, or inspection by regulatory agencies.

When your study is completed, please notify the IRB.
